SKILLS

- **Languages**: C++, JavaScript
- **Frameworks/Libraries**: HTML, CSS, Tailwind CSS, Node.js, Express.js, React, Redux
- **Tools & Platforms**: MongoDB, MySQL, Git
- **Soft Skills**: Problem-solving, Teamwork, Time management, Active Listening

TRAINING

Summer Trainee – MERN stack By CipherSchools   *Jun 2024 - Jul 2024*

- Completed an intensive summer training program specializing in the MERN stack (MongoDB, Express.js, React, Node.js), gaining hands-on experience in building responsive front-end interfaces and integrating them with back-end APIs.
- Developed multiple projects including a weather app (using RapidAPI), a to-do list, and a notes application with React and Tailwind CSS.

PROJECTS

- **AI VOICE AGENT INTERVIEW PLATFORM | Link**   Jul 2025
  - **Tech**: Next.js, Tailwind, Vapi, Firebase.
  - Built a full-stack web app simulating real-time mock interviews using an AI voice assistant.
  - Integrated OpenAI, Vapi, and Google Gemini APIs for dynamic question generation, voice interaction, and AI-driven feedback.
  - Used Firebase for authentication and designed the app to help students and job seekers improve communication skills.

- **3D PORTFOLIO | Link**   May 2025
  - **Tech**: React.js, Three.js, Tailwind CSS.
  - Designed and developed an interactive 3D portfolio website featuring immersive animations, a responsive layout, project showcases, and a contact form.
  - Showcased technical projects through dynamic 3D models and intuitive navigation to highlight skills and creativity.
  - Integrated a functional contact form to facilitate easy communication with potential collaborators and recruiters.

- **WEATHER FORECAST APP| Link**   Oct 2024
  - **Tech**: React.js, Tailwind CSS, RapidAPI
  - Created a responsive weather app with a clean, mobile-friendly interface that provides real-time weather updates.
  - Implemented dynamic backgrounds that change based on current temperature and weather conditions for an engaging user experience.
  - Included features like city search and a detailed seven-day forecast to help users plan their week effectively.

CERTIFICATES

- Cloud computing – NPTEL by IIT K'(12Weeks)   Nov 2024
- Full Stack Development Using MERN Stack – By CipherSchools   Jun 2024
- Server side JavaScript with Node.js – By Coursera   May 2024

EDUCATION

- **Lovely Professional University**   Phagwara, Punjab
  Bachelor of Technology – CSE, CGPA: 7.87   *2022 - Present*

- **SKLSS School**   Batala, Punjab
  Intermediate, Percentage: 96%   *2020 - 2022*

- **FSM Silver Creek School**   Batala, Punjab
  Matriculation, Percentage: 90.2%   *2012 - 2020*
